

Our **experienced** team are well placed to support you with your **virtual** or **hybrid event** in whatever capacity you require. From managing the hosting and tech for your event through to our end-to-end fully managed service - we will take all the hassle away so that you can focus on **your priorities**.

Consult

We can advise and support you with

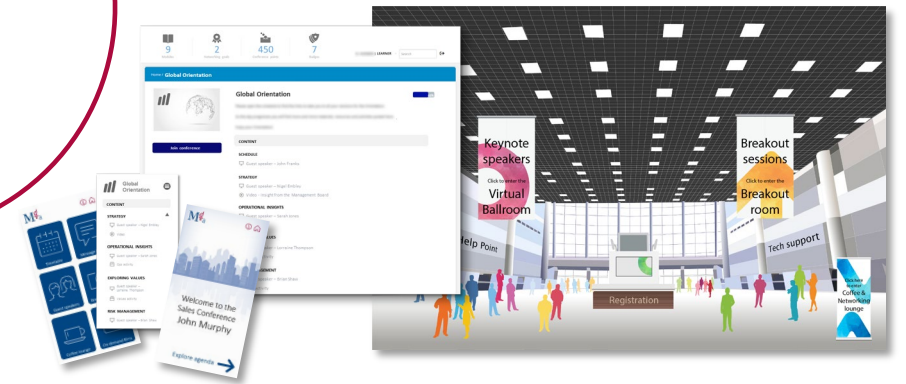

- Identifying appropriate hosting platform and technology for the type and scale of your event
- Virtual logistics
- Delegate registration
- Digital branding
- Video production
- Design and setup of an event portal and app

Plan & design

We can help you with

- Setup/testing of hosting or hybrid platform, technology, delegate registration, tech support, event portal/app
- Creative design of event content and engagement tools
- Branding
- Shaping event agenda e.g. speakers, activities, break-outs, live panels, etc
- Setup reporting tools/metrics
- Planning an event film
- Coaching speakers to make a virtual impact

Analytics

We can manage the event analytics including

- Attendance
- Engagement
- Contribution

Host

We can host and run your event end-to-end

- Launching your virtual/hybrid event platform and portal
- Registration and welcoming of delegates
- Real-time support to handle and resolve all technical queries
- Managing live and on-demand video streams
- Managing interactivity e.g. live panel sessions, Q&As, audience polls, discussions, networking activities, break-outs, chat rooms
- Managing event communications
